

Dear Parent/Guardian:

North Jr. High is in the process of implementing **SmartwebXP**. SmartwebXP is a website that allows parents to track their student's academic progress in school. By connecting to a secured server over the Internet with your home computer, parents can view their student's assignments and grade records. **For you to access your child's information, we are asking that you select a username and password on the form below and return it to North Jr. High. District staff will setup your account and then you will receive notification confirming you can login to the SmartwebXP system.**

Implementation of SmartwebXP is tentatively scheduled for third quarter. Some of the highlights of the program include:

1. A single, secured login and password to access your child's school assignments, grades, lunch account balances and attendance information.
2. Student quarterly grades
3. Classroom assignment information for each subject
4. Weekly updates of classroom assignments and student scores

Some important things to remember:

- Password/username must be between 5-10 characters and are NOT case sensitive.
- Please keep your username and password confidential. Anyone who has this information can check your child's records online from any computer connected to the Internet. We regard all data, either electronic or paper-based, as confidential information and will do our best to protect the privacy of your children. We need your help with this as well.

I HAVE READ AND UNDERSTAND THE DATA SECURITY RESPONSIBILITIES THAT ACCOMPANY WITH PROVIDING A USERNAME AND PASSWORD.
