

EARLY CHILDHOOD SERVICES

Dear Parents,

Our classes are talking about safe and respectful behavior within our classroom environments through Positive Behavior Interventions and Supports (PBIS). We will be talking about walking in the hallway, appropriate behavior in the bathroom, and safe actions on the playground, in parking lots and on the bus. You will receive information sheets that describe what we learn at school. Please review them with your child and use these words to teach your children how to be safe and respectful in their other environments. To learn more about PBIS, please visit the district website www.isd742.org, click on Programs and then PBIS.

Thank You,
Your Child's Teachers
