Fundraising & Involvement Opportunities

Please consider participating in some of the ways listed below	
___ Earth Day Proxy Packet Pick Up Registration	Tech Track and Field will be earning money by taking care of proxy registration at the Earth Day Half Marathon. This would involve a time commitment on Friday evening and Saturday morning. April 17 & 18
___ Tech Tiger Trot	This June 12 5K Run/Walk raises money for the Track and Field team. This event needs help with promotion, Brochure distribute, and prize solicitation.
___ Track & Field Boosters organizers	The Booster Club is always looking for parent involvement. In the past our Boosters have provided lunches for far away travel meets, hosted a pre or post meet meal at their home, and donated and set up meet refreshments.
___ Donations	While the Track & Field team would appreciate you involvement, we understand that schedules become very busy. A tax deductible donation is always appreciated

Please complete and return to
John Telega, Lisa Hines, or Jodee Blair
